

# LineAir™

Protecting Air Environment...

## Particle size origin

	G2	G3	G4	F5	F6	F7	F8	F9	H10	H11	H12	H13	H14	U15	U16	U17
<b>APPLICATIONS</b>	Industrial workshop coolant mist elimination															
	Industrial Processes															
	Food Industry & packaging															
	Microelectronics booths and semi-conductors															
	Pharmaceutical industry & Biological Research Industries															
	Hospitals and Operating theatres															
	Paint Spray Booths															
	Gas turbine Air Inlet															
	Clean Rooms															
	Heating Ventilation & Air Conditioning (HVAC)															
Air pollution control																
<b>LineAir Filters</b>	Air pollution control															
	Ulpa Filters															
	Hepa Filters															
	Rigid Filters															
	Bag Filters															
	Filter Mats															
Prefilters
